Do you have a strong interest in plants, and looking to learn more? Register to take part in the Rutgers Master Gardener program. Located in Passaic County, lectures include lessons in tree, lawn, garden care, soil, plant nutrition, and many other topics.

The course begins on September 8th and will proceed through May. It will be held at the County of Passaic Police Academy.

Visit mgapc.org, for the application, or contact Rachel DeFlumeri for more information.

Happy Gardening, hope to see you there!

- Plant diagnostics and nutrition
- Landscape maintenance and design
- Plant and insect identification
- Volunteerism
